

The Road Back to Life

Kidney failure can leave you feeling overwhelmed with information. You can be frustrated when making decisions and feeling like no one understands

This support group is for all kidney patients, care givers, family and friends. The mentors in The Road Back To Life are all personally involved with some type of kidney failure. This includes pre-dialysis, dialysis and transplant.

Meet with other people who share the same concerns and questions as you. Everyone wants to feel comfortable on this life-changing journey.
